## COCHREN & CO. RELEASES NEW SINGLE TODAY, "ONE DAY"

*On Tour With TobyMac This Fall And Winter/Spring 2020*

**27 September 2019 - Nashville, TN** - It was just last November when **Gotee Records** announced that **Cochren & Co.** joined their artist family and debuted their songs "Church (Take Me Back)" and "Grave." Today the group, led by Michael Cochren, releases their newest single, titled **"One Day,"** which is [available now](#) at all music providers.

"None of us are strangers to the brokenness of this life," Cochren shares about the new song. "We've all experienced firsthand the pain of loss, illness, and injustice. As we look around this world it's easy to feel hopeless, but thank God we are promised more than this world. We are promised heaven. That's the hope I'm clinging to, the hope of healing for all creation."

Written by Cochren along with producer Bryan Fowler (for Man Cub Music House) and Matt Armstrong, "One Day" was recorded at Zach Brown's Southern Ground Studios in Nashville and engineered by Joe Baldrige (Keith Urban, Dierks Bentley). The song features award-winning musicians drummer Paul Mabury (Lauren Daigle), bass player Jacob Lowery (Michael McDonald), Christopher Stevens, Mike Payne, and more. The new single also features the B-side song, "Heart and Soul (The Sienna Session)," also written by Michael Cochren along with Taylor Agan and Justin Amundrud.

Cochren & Co. will be the special guest on the **TobyMac: The Theatre Tour** throughout November. The official tour markets are listed below. The band is also part of the lineup for the 2020 TobyMac Hits Deep Tour, which will also feature Tauren Wells, Jordan Feliz, We Are Messengers, and label mates Ryan Stevenson and Aaron Cole. **ABOUT COCHREN & CO.:** Singer, songwriter, and pianist Michael Cochren hails from Montgomery, IN. He released his label debut last November, a [two-song single](#) featuring "Church (Take Me Back)" as well as the B-side, "Grave." As a worship leader at his hometown church, Cochren's piano-based soulful pop sound has been influenced by artists such as Billy Joel, Needtobreathe and Ray Charles. After signing with First Company Management (Newsboys, Ryan Stevenson), his music was sent to Gotee Records' CEO Toby McKeehan.

"The soulfulness this man exudes brings pleasure to my ears as well as my heart," TobyMac shared. "His passion for the church is so refreshing and real. Michael is a true songwriter because he puts words to my own feelings and his voice takes us places we all want to go!"
