Hello struggle I'm right here  
I've got my armor and got my shield  
Bring your weapons and throw your spears  
God is with me  
Farewell fear  
So long sorrow don't need you here  
Got my father His son and spirit  
I'll lift my praise 'til the whole world hears  
So hello heaven and farewell fear  
See ya shame and see ya sin  
Jesus died and He rose again  
I can feel Him in the atmosphere  
Hallelujah farewell fear

Looks like the end of the line  
Too late you've run out of time  
Your tank is empty and you're far from home  
You've got no where you can run  
Plan B is already burned  
The fight your facin' is impossible

What do you do when there's nothing left for you to do

Get down when you got no answers  
Get down when there is no way  
Get down when you're holdin' hopeless  
Get down on your knees and pray  
Get down on the highest mountain  
Get down when the good times stay  
Get down cause He wants to hear you  
Get down on your knees and pray

Your life was over and done  
But now your miracle's come  
And all your tears have turned to dancin'  
So sing your praise to the One  
Where comeback stories come from  
He is the King of second chances

So what do you do when He does it all for you

Can't get up 'til you get down

Where did it go?  
When did we all forget?  
Time ticks away and we can never get it back again

Before this moment is a memory I just wanna take it all in  
I've let it go by but I'll never let it go again

What we have is now  
Breathe the moment in  
Breathe it right back out  
Everyday  
Make it count  
What we have is now

What lies ahead  
I have no way to see  
But all that I need is right here in front of me

So reach out and grab what's real before it's gone  
You gotta hold on tight until you can't hold on

Time will pass you by if you let it  
Seize the day the moment the second  
Time will pass you by if you let it

We speak it in a whisper  
We shout it in a song  
It crashes through the darkness  
It's hope on every tongue

Never once has it been rivaled  
It remains all-powerful

Mountains must move and waves lay down  
In the name of Jesus  
Life forever found  
In the name of Jesus

It's strength in all our weakness  
It's courage through our doubt  
It's peace that can't be stolen  
It's joy at just the sound

Now in His power  
By His authority  
Sickness withers  
Death must bow the knee  
Now in His power  
By His authority  
The shattered life restored  
His is the victory

Sometimes it's hard to see it  
And I struggle to believe  
I'm waiting for what hasn't happened yet  
Though I hold my heart in pieces I know there'll be a healing  
Even if it's after my last breath  
No matter what I know Your promise is

You are strong in my weakness  
You won't stop 'til it's finished  
And though my heart may stop beating  
You will heal me completely

I trust the tears I cried  
Will rise up and testify  
That you my God are faithful 'til the end  
And tell me what can come against me  
Even death could never hold me  
Cause You're the God whose love can raise the dead

It may be here It may be now  
Or I may have to wait  
But Hallelujah, Hallelujah  
Healing's coming  
All my pain and all my brokenness will finally be erased  
Hallelujah, Hallelujah  
Healing's coming

You are faithful in sickness  
You won't leave me unfinished  
And though my lungs may stop breathing You will heal me completely

How'd our love ever end up this way  
So broken and so hopeless  
Living here in the same house but we're both homeless  
Both searching for the spark  
In our wounded hearts  
Where there once was light  
Now it seems so dark

Father we can't make it on our own  
Only You can right what we've made wrong  
For better or for worse  
Together we can mend a miracle  
Lord take what we have shattered  
Make it happy ever after again

Face to face with a mountain so high  
Still broken and so tired  
But I know our love is still worth the fight  
I'm not giving up  
I'm still counting on the One  
Who can make us new  
Yeah I could search the whole world  
But there's only You

Father open up our eyes to see  
It all comes down to unity  
All we have we lay down at Your feet  
We're crying out  
We're falling on our knees

You laid down your lifelong dreams  
You know what they need  
You stay at home and love three little souls

Band-aids and lunches made  
You save the day to day  
You're raisin' kids who'll someday change the world

You're the greatest hero never known

Faithful, in all the little things nobody ever sees  
Faithful, yeah you live your whole life just tryin' to be faithful  
All the tears you've cried  
Every prayer you've prayed  
Will be worth it all  
The moment he says Faithful

You never miss a single beat  
You're the one behind the scenes  
Without you this world would fall apart  
Nobody knows you give so much  
That's ok 'cause it's enough  
To serve The One  
You love with all your heart

There will be a day  
You will hear him say

When you feel you're at your lowest feeling lonely  
Like you're the only one who's in this now

Lift your eyes up to the heavens  
God has never left his treasure  
No way He will start now

When you're lost out in the darkness just move regardless  
Head held high here comes the morning  
This is your moment

Dance when you're feeling hopeless  
There's a plan in motion  
Keep moving to the rhythm  
Dance when the rain is falling  
Joy comes in the morning  
Keep moving to the rhythm  
Dance

God will turn your fear to laughter deep in the disaster  
He'll hold you close, closer than a friend

Get down and dance to the music  
Get down and dance you can do it  
God gave you faith to get through it

When peace is like a river rushing my way  
When trouble's like an ocean wave after wave  
It is well

I don't know all the answers but I know that You are good  
And You are always faithful no matter how it looks  
It is well

It is well with my soul  
It is well, through the highs and lows  
You're on my side  
You're for me I know

It is well with my soul

Your spirit's my assurance when trials may come  
I'm holding to the promise that You've already won  
It is well

And all my sin and shame I bear it no more  
It's nailed to the cross forever I am Yours  
It is well

In the fire and the flames  
In my pain  
You are with me

This is not the end  
You're not finished yet  
You're still moving

No matter what I've lost  
Or what it costs  
My heart will sing

'Til I reach the day when my faith shall be sight  
And I see it all so clearly standing in Your light  
It is well
