

# JAMIE GRACE

*ready to fly*

## *so amazing* prelude

I wanna write the songs that make the whole world sing a long  
Might even dance to the break of dawn cause You're so amazing  
So go ahead turn the band up You're the reason we got our hands up  
we're gonna worship all night long cause You're so amazing

## *beautiful day*

Wake up and smile cause it's been awhile  
It's been like a whole day since I stopped so You could hold me

This child awaits, strong in the faith Lord you are the refuge that I can't wait to get to

Cause I can't let a day go, can't let a day go by  
Without thanking You for the joy that You bring to my life

And ooh there's something about the way Your sun shines on my face It's a love so true,  
I could never get enough of You  
This feeling can't be wrong, I'm about to get my worship on Take me away, It's a  
beautiful day

When trouble seems to rain on my dreams  
It's not a big, not a big deal, Let it wash all the bugs off my windshield Cause You're  
showing me in You I'm free  
And You're still the refuge that I've just got to get to

So I won't let a day go  
Won't let a day go by  
So put the drop-top down, turn it up, I'm ready to fly

And ooh there's something 'bout the way Your sun shines on my face It's a love so true,  
I could never get enough of You

This feeling can't be wrong, I'm about to get my worship on  
Take me away, It's a beautiful day

I've got no need to worry, I've got no room for doubt  
No matter what's coming at me, You'll always be the beautiful I sing about  
There ain't no limitations to Your amazing grace

And there's something 'bout the way Your love shines on my face  
Oh no I could never get enough of You

This feeling can't be wrong, I'm about to get my worship on  
I'm gonna sing a brand new song, Yeah I'm about to get my worship on

Take me away on this beautiful day

## *just a friend* feat. manuell of group1crew

I saw you in the hallway, with all of your friends  
And everything around you moved in slow motion  
The girls think I'm crazy, I kinda agree  
But it's hard to be cool whenever you look at me

And I can be immature when I'm lying on the floor  
Photoshopping us together like I'm all yours  
But you just learned my name and I think that's kinda wack  
Have you seen my sweet shoes and my new backpack yet?

Somebody tell me why this hurts so bad  
Why can't I find someone like my dad  
(I love you dad)

Why can't you just see what I see  
When you say I'm just a friend, you tell me I'm just friend  
I think I could make you happy  
But you say I'm just a friend, you tell me I'm just a friend  
So I'll be that, Oh I'll be that  
I guess that's that  
But I don't wanna be just that

You probably think I'm too young to feel this way  
To you I'm a crush that just won't go away  
So even if you move on and have a happy life

I promise I will pray for you cause I'll be doing fine

See I can try to be mature like nothing's really wrong  
But you probably know I'm fakin' by the time you hear this song  
And I don't mind saying how I feel, as long as I stay true and keep it real  
Somebody tell me why love takes so long  
I think I'll just watch Reba with my mom

Why can't you just see what I see  
When you say I'm just a friend, you tell me I'm just a friend  
I think I could make you happy  
But you say I'm just a friend, you tell me I'm just a friend  
So I'll be that, Oh I'll be that  
I guess that's that

(I dunno baby sis)  
But I don't wanna be just that  
(But I'ma tell you like this)

You ain't gotta rush love, girl, slow down  
When you meet him you gon' know, wanna know how?  
He's gonna treat you right, make you the queen of life  
If he don't then I'm a take 'em out  
Psyche, all kidding aside God has the perfect  
One that was made for you, designed to worship  
God and He sees your beauty and true purpose  
So baby sis, trust the process, it's worth it

So Father, I will place this in your hands (that's right)  
You know me and all my crazy plans (get a little crazy sometimes)  
Humbly I surrender this to You (all to you Lord)  
So I'll keep dreaming  
You'll keep coming through (You keep coming through)

I know You see what I don't see (you see what I don't see)  
So I'll be just a friend, I'll be just a friend  
I know that I will be happy  
Even if I'm just a friend, I'll be just a friend  
So yeah, that's that, Oh that's that  
I'll be that  
I'm telling you I'll be just that

# fighter

Seven bucks an hour  
Bills stacked on the counter  
Got a baby on the way they'll have to feed  
His pride is getting torn down  
His confidence is worn out  
This ain't the way he dreamed that it would be  
But he won't ever ask why  
Cause he's made up his mind

He's a fighter  
Got that fire  
When you thought he'd fade away  
Throws a fist up  
As he gets up  
Feeling stronger every day  
When he gets down on his knees  
He finds the courage to believe  
He's a fighter  
He's a fighter  
Who inspires me

She's got no time for makeup  
She's got three boys to wake up  
Never thought she'd have to raise them on her own  
And some days she feels like crying  
But she's holding on surviving  
With their love that makes their little house a home

But she sees it in their eyes  
All the reasons why

She's a fighter  
Got that fire  
When you thought she'd fade away  
Throws a fist up  
As she gets up  
Feeling stronger every day  
When she gets down on her knees  
She finds the courage to believe  
She's a fighter  
She's a fighter  
Who inspires me  
She inspires me

She's been here before  
And she's only 8 years old  
But she knows the name of every nurse she sees  
And though she don't like the chemo  
She waits it out  
Never losing hope that  
Someday soon she'll be cancer free

She's a fighter  
Got that fire  
When they thought she'd fade away  
Throws a fist up  
Keeps her head up  
Feeling stronger every day  
When she gets down on her knees  
She finds the courage to believe  
She's a fighter  
She's a fighter  
Who inspires

He's a fighter  
He's a fighter  
Who inspires me  
He inspires me

You're my inspiration, my inspiration

## *little ol' me*

Well I was just a kid coming up those steps  
All dressed up in my Sunday best  
Learning to sing, learning to stand  
Right in the front, holding mamma's hand  
I still remember listening to my dad  
Even if I didn't always understand  
Cause deep in his heart, deep in his soul  
There was a fire that I wanted to know  
And those memories are still burning brightly  
Oh Jesus how I love the way You're writing my life

However could it be, to have a part in your story  
Bigger than what I can see, little old me, little old me  
I may not know Your plan but I'm safe here in Your hands  
Cause I know that You believe, in little old me, little old me

Walking through the halls on my way to class  
Caught my reflection in the trophy glass  
Who was this girl, trying to be  
And who in the world is she trying to please  
Suddenly ignited by a spark I hear my Savior's voice speaking right to my heart  
"Don't give up now, and don't be afraid, you know who you are, you got something to say"  
And those memories are still burning brightly  
Oh Jesus how I love the way You're writing my life

However could it be, to have a part in Your story  
Bigger than what I can see, little old me, little old me  
And I may not know Your plan  
But I'm safe here in Your hands  
Cause I know that You believe, in little old me, little old me

Turning the page, I'm up on stage  
But I'm still a kid in a lot of ways  
So many dreams, that are coming true  
But Lord when they see me, I hope they see You  
Nothing but You  
(God I know, I know You got big plans for me)

However could it be, to have a part in Your story  
Bigger than what I can see, little old me, little old me  
And I may not know Your plan  
But I'm safe here in Your hands  
Cause I know that You believe, in little old me, little old me  
(God I know, I know You got big plans for me)  
Little old me, little old me

*to love you back*

From the first sunrise You knew my name  
You knew I'd fail You over and over  
But still You loved me all the same  
You still love me anyway

The way You don't give up on me  
You really got a hold on me  
You give me more than I deserve  
You've become my everything  
The only reason that I sing  
The beauty is You chose me first

And I still can't believe  
That you've loved me for eternity  
And what's so marvelous to me  
Is that I finally get, I finally get  
I get to love You (to love You back)  
I get to love You  
I get to love You  
I finally get, I finally get

I get to know You more and more  
And make every single day about You  
I wanna live like I can't afford  
To spend another second without You

The way you don't give up on me  
You really got a hold on me  
You give me more than I deserve  
You've become my everything  
The only reason that I sing  
The beauty is You chose me first

And I still can't believe  
That You've loved me for eternity  
And what's so marvelous to me  
Is that I finally get, I finally get  
I get to love You (to love You back)  
I get to love You  
I get to love You  
Oh I finally get, I finally get

To go back to the start  
Back when my heart first met You  
Oh, I heard You were good  
But this is more than I expected  
So I answer the call  
I give You my all  
And lay it at Your feet  
I can't praise You enough

But I promise to give You my love

Oh I can't believe  
That You've loved me for eternity  
And it's so beautiful to see  
That I finally get, I finally get to love you back  
I get to love You (to love you back)  
I get to love You (with every part of me)  
I get to love You  
Oh I get to love You yeah  
I get to love You back

Oh How I love You

## *do life big*

I gotta slow down  
Stop for a second  
Take a look around  
And I gotta take time  
To hear that little voice inside

Saying I came to give you life  
So spread your wings and fly  
I've got a secret to share  
You are enough to change the atmosphere

So go and do life big  
I wanna do life big

Break out them blue skies  
I can feel my heart beating inside  
Yeah, it's like a new day  
Woke up to hear You say

I came to give you life  
So spread your wings and fly  
Now go and show no fear  
You are enough to change the atmosphere

So go and do life big

I wanna do life big

Oh, I wanna love, wanna give every day I live  
I wanna do life big  
I wanna love, serve, and give every chance I get  
I wanna do life big  
I wanna love, wanna give every day I live  
I wanna do life big  
I wanna love, serve, and give every chance I get  
Oh, I wanna do life, I wanna do life big  
I wanna do life big

I wanna love like You  
I wanna give like You  
Oh, I wanna do life big  
I wanna serve like You  
Lay down my life like You  
I wanna do life big

## *every bit of lovely*

She's never been too popular  
She's never been an outsider  
She's about as average as they come  
Her family they ain't too strange  
They even get along most days  
There's nothing too crazy going on  
But sometimes she wonders  
If she's good enough  
Well girl if you're listening, listening  
Turn it up

You're lovely, every bit of lovely  
Don't you know that you're God's original work of art, yes you are  
So don't ever let them tell you that you're less than wonderful  
Cause you're a one and only  
You're every little bit, every little bit of lovely

Have you seen a lightning storm?  
And have you heard the oceans roar?  
Have you seen a newborn baby smile?  
Well, the same God who made all that

He's the one who made your crazy laugh  
And every tiny quirk that makes you, you

So if you wonder if you're good enough  
I know you're listening, yeah you're listening, so turn it up

You're lovely, every bit of lovely  
Don't you know that you're God's original work of art, yes you are  
So don't ever let them tell you that you're less than wonderful  
Cause you're a one and only  
You're every little bit, every little bit of lovely

This goes out to all my lovely girls  
Y'all be shining like diamonds all around the world  
From the west coast over to the east side  
Up north to the dirty south where I reside  
Them magazines telling you who to be  
Rocking them too tight tees, please, There's no need  
To be so revealing, no matter what you're feeling  
It's the beauty inside that's gonna last

You're lovely, every bit of lovely  
Don't you know that you're God's original work of art, yes you are  
So don't ever let them tell you that you're less than wonderful  
Cause you're a one and only  
Yeah, You're every little bit, every little bit of lovely  
So don't ever let them tell you that you're less than wonderful  
You're a one and only  
Yeah you're every little bit, every little bit  
Don't you know it girl, don't you hear me girl, don't you see it girl  
Don't you know it girl, don't you hear me girl, don't you see it girl

*white boots* feat. morgan harper-nichols

Little girl dreams are bigger than they seem  
I'm thinking about my future in my daily routine  
Blue house and a picket fence  
That's the kind of innocence that makes me wanna wait  
Until my wedding day

Standing face to face with the love I know is true  
I'll promise him forever from the day we say, "I do"

I've got my white boots  
My white dress  
And baby, I ain't getting them dusty

All I need you to bring  
Are the rings  
And I know in time I'll be ready

Cause I've been waiting, waiting, waiting,  
Waiting, waiting, waiting on you  
In my white boots

Going on three years with the love of my life  
Everything about him made the waiting worth while  
It wasn't always easy but I listened for the truth  
So don't give up true love is gonna find you

You'll be standing face to face with a love you know is true.  
I'll promise him forever from the day we say, "I do"

I've got my white boots  
My white dress  
And baby, I ain't getting them dusty

All I need you to bring  
Are the rings  
And I know in time I'll be ready

Cause I've been waiting, waiting, waiting,  
Waiting, waiting, waiting on you  
In my white boots

So get your white tux  
Your new shoes  
And baby don't go getting em dusty

I've got my white boots  
My white dress  
And baby, I ain't getting them dusty

All I need you to bring  
Are the rings  
And I know in time I'll be ready

Cause I've been waiting, waiting, waiting,  
Waiting, waiting, waiting,

I've been waiting, waiting, waiting,  
Waiting, waiting, waiting on you  
In my white boots

## *the waiting*

What will it look like? What will it be like?  
When my world turns out like You planned  
When will I get there? Feels like I'm nowhere  
My dreams are like dust in my hand  
But I know

This is the waiting  
I anxiously wait  
As I hold on to love that won't ever let go  
And in these times when my patience is tested  
Won't you remind me that I'm not alone  
Here in the waiting  
The waiting

All of the questions, secret confessions  
Lord You'll make sense of it all  
And I know You'll show up  
So I'm letting go of these these thoughts that are taking control

This is the waiting  
I anxiously wait  
As I hold on to love that won't ever let go  
And in these times when my patience is tested  
Won't you remind me that I'm not alone  
Here in the waiting  
The waiting

Oh, and I know  
I know this is the waiting

And in these times when my patience is tested  
You are the love that will never let go  
Here in the waiting  
The waiting

So I'll be here waiting  
Believing you'll never let go

## *my first love*

Once upon a time not long ago  
You came a'knocking at my heart's door  
Daddy held my hand as he fumbled through the intro  
Told me that You'd love me and You'd never let me go  
Now here we are  
Yeah we've come so far  
And You're all I ever need, all I ever need, always gonna be

My first love  
Everything about You is love  
Flowing over more than enough  
And I love You, and I love You  
You're my first love  
Everything about You is so true  
And I just wanna tell You, wanna tell You,  
I'll be forever Yours  
My first love

I wanna talk about You like all the time  
I wanna tell the whole world that You're mine  
Write it on the skyline, paint it like graffiti  
They can label me whatever, just as long as You believe me  
And You are my song, yeah You make me sing, I'll sing

You're my first love  
Everything about You is love  
Flowing over more than enough  
And I love You, and I love You  
You're my first love  
Everything about You is so true  
And I just wanna tell You, wanna tell You  
I'll be forever Yours, yeah

Everywhere I go, everywhere I sing, everyone I meet  
When they ask me who is this love I'm singing to  
I'll say it's You  
So won't You take my voice, take my hands and feet, father use this heart,

For whatever You need  
Cause You will always be my first love

You're my first love  
Everything about You is love  
Flowing over more than enough  
And I love You, and I love You  
You're my first love  
Everything about You is so true  
And Lord I wanna tell You, wanna tell You  
I'll be forever Yours  
My first love

(I wanna talk about You like all the time  
I wanna tell the whole world that you're mine  
Write it on the skyline, paint it like graffiti  
They can label me whatever, just as long as You believe me)

## *always you*

This world can be so fascinating  
Trying hard to fill the craving  
Every day, it's only imitating You  
So I stand up, give an ovation  
A big applause to my creator  
Every day, I'll be imitating You

And they try with all their might, but they won't outshine Your light

No, no they aint You  
If they try to say so, it ain't true  
Nobody loves me the way You do  
Cause you're just You, always You  
No, no they ain't You  
It's like You got me over the moon  
Nobody loves me the way You do  
Cause You're just You, yeah  
Always You

Spend some time just reminiscing  
All the way back to the very beginning

Just a young girl, but I was still listening to You  
Oh my mom and dad were so amazing  
I would just cry, and no I'm not crazy  
And they taught me they could never fill Your shoes

Now I might put up a fight, but I'm never losing sight

Cause no, no they aint You  
If they try to say so, it ain't true  
Nobody loves me the way You do  
Cause You're just You, always You  
No, no they ain't You  
It's like You got me over the moon  
Nobody loves me the way You do  
Cause You're just You, yeah  
Always You

It's like You make my heart skip a beat  
I don't know who I would be  
If You didn't come rescue me  
Oh I, I fell so in love  
You, You are more than enough for me  
They could never take Your place

Cause no, no they aint You  
If they try to say so, it ain't true  
Nobody loves me the way You do  
Cause You're just You, always You  
No, no they ain't You  
It's like You got me over the moon  
Nobody loves me the way You do  
Cause You're just You  
Thanks for being You  
It's gotta be You  
You're always You  
So wonderful  
Ain't nobody like You

*ready to fly* avery's song

There's a feather in my hair  
And a wing around my neck

I'm ready to fly away

There's a feather in my hair  
And a wing around my neck  
I'm ready to fly away

And I'll gather wishes from all of my friends  
Hugs and kisses from my mom and my dad

There's a feather in my hair  
And a wing around my neck  
I'm ready to fly away

There's an open sky above my head  
That no one else sees  
And it's calling, it's calling for me  
It's bright and the lights and the kites all get stuck  
It's brighter than anything anyone's seen

And I've got the wishes from the ground below  
Hugs and kisses from all that I know

There's an open sky above my head  
That no one else sees  
And it's calling for me

The score of the night says  
La-de-dah-de-dah-dah-dah-dah  
But the score of my life says  
Lah-de-dah-de-dah-dah-dah-dah-dah-oh

I see cards and such of written love all there for me  
To leave in just a few weeks  
They will sit and wait to be weight  
To be sent away, away, away

And I've got the wishes from the letters they hold  
Hugs and kisses from the ones who wrote them

There's a feather in my hair  
And a wing around my neck  
I'm ready to fly away  
I'm ready to fly away
