

# CAPITAL KINGS

## ALL THE WAY

I've seen it before  
Afraid of what's in store  
But this time I'm ready to go

Break through the laws of man  
Into a foreign land  
It's the only way to show

Everything we are and what we came to do  
I'm feelin' ready  
I, I know were ready  
Everything we are and what we're meant to choose  
With the lights down low  
It's time to let 'em know

I know, I know we're gonna take it all the way  
I know, I know it doesn't matter what they say  
Cause when the sun shines down and wipes away the grey  
I know, I know we're gonna take it all the way

The clock's ticking down  
The eyes are looking now  
I think they're ready to know

There's something more to this  
Something that can't be missed  
No matter which way you go

Everything that lies behind just let it go  
I'm feelin' ready  
I, I know were ready  
Everything that lies ahead come take control  
with the lights down low  
it's time to let 'em know

It's like where, where do I begin  
the clock is tickin' down my friend  
but no worries  
like RG3 we takin' it all the way  
yea, let this be the sign

for you to open up your mind  
cause when he comes back next time  
he's takin' it all the way

## WE BELONG AS ONE (feat. tobyMac)

I'm livin' for a time of change  
I'm livin' for what there is to gain  
With nothin' standin' in my way  
I will never go astray

The future is a beautiful sight  
When you can turn the darkness into light  
There's no more livin' in black and white  
When you see what I see

We belong as one  
We belong as one  
When all is said  
All is done  
We belong as one  
We belong as one  
(We belong as one, following the Son)

Come on let our worlds collide  
We'll be gaining ground with every stride  
There's no need to run and hide  
When you can be set free

We're livin' for the change we've made  
Yeah we're livin' for what we've gained  
And nothing's standin' in our way  
We will never go astray

We belong as one  
We belong as one  
When all is said  
All is done  
We belong as one  
We belong as one  
(We belong as one, following the Son)

Leave it all behind  
Break through your disguise

Turn darkness into light  
Leave it all behind  
Break through your disguise  
Turn darkness into light  
It'll feel so right  
Let the flame ignite

Don't call this a comeback  
Cap Kings and T-Mac  
Unifying, finalizing, synchronizing we rap  
One body, one soul  
One king to make us whole  
This time I can't be wrong  
I feel it strong

## YOU'LL NEVER BE ALONE

I'm the street lights that guide you home  
I'll be the GPS when you've lost your phone  
I'll be the song that's rockin' in your headphones  
I'll show you the signs to let you know  
You'll never be alone

Hey let me start it off by saying this  
You mean everything to me, nothin' I wouldn't risk  
Every single second or moment that passes by  
I'm thinkin' about you and really want you to know that  
Theres something more out there  
Something that will hold you very tight when your scared  
Cause I know when times get tough, and it starts to get rough  
It can feel like everything's crashin' down on ya

So when it seems like every road you're on has hit a dead end  
There is hope, let me show

I'm the street lights that guide you home  
I'll be the GPS when you've lost your phone  
I'll be the song thats rockin' in your headphones  
I'll show you the signs to let you know  
You'll never be alone

Man crazy how you got this far  
I'd be sittin' just wonderin' where to start  
Last week you were sayin' that somethin' just ain't right

Layin' in your bed stayin' up all night cause  
This life is harder than it seems  
But one thing I've learned is never stop chasin' your dreams  
And if it ever gets to hectic for you stop for a second  
And remember one thing

Sometimes life is an ocean, we're just tryin' to float  
We get caught in slow motion from the undertow  
Sometimes the path to choose is right in front of you  
You just gotta let go

## LIVING FOR THE OTHER SIDE (feat. Royal Tailor)

Hit up the crew, then I lace up my nikes  
Our jam on the radio just to start it off right  
Let's make this night incredible, somethin' unforgettable  
We're gonna have a real good time  
Put in 60 hrs this week working overtime  
So there's no way that I'm gonna stay in tonight  
Oh no we never stop, cause we rock around the clock  
Yeah we're gonna have a real good time

Some say we're kind of crazy  
I think I'd have to agree  
But that's the only way I wanna be

Every moment's like a theme park ride  
There's no way we'll let it pass us by  
Don't ever sleep we're like the stars in the sky  
We see the future  
We're livin' for the other side

Every second's at the speed of sound  
There's not a chance that we're about to slow down  
Some people say we are out of our minds  
We know the future  
We're livin' for the otherside

We've only just begun  
You ask if this is real?  
We're goin' hard reachin' for tomorrow  
You wanna know how it feels?

It's unbelievable  
Can't stop us now yeah we've lost control  
Turn up the volume so it hits the soul  
You know we got that crazy flow  
Pumpin' through your stereo  
CK and Royal Tailor it don't get no straighter

## I FEEL SO ALIVE

I've seen life through the eyes of a different soul  
I left my past so my future would be under control  
Now I got nothin' standin' in my way, I gave it all away, I gave it all away

You got me livin' how I've wanted all along  
Now all my tears are dried away  
You got me livin' how I've wanted all along

I feel so alive, alive  
Inside, inside  
I'm breakin' through the haze to a brand new day  
Cause my heart has been revived

How was I supposed to survive in this vast sea?  
I was so scared my own heart would try to abandon me  
Now I got nothin' standin' in my way, I gave it all away I gave it all away

You got me livin' how I've wanted all along  
Now all my fears have run away, run away  
You got me livin' how I've wanted all along

I feel a fire inside  
It's like a whole new ride  
I feel a sweet increase  
Consuming all of me

## READY FOR HOME

I wish that I could find a way  
To hit fast forward just to get through this maze  
And see that day where I'm finally headed home

Forget that feeling, being lost and on the roam  
Yeah I know I've been out of whack  
But I know, you know how to bring me back  
Cause even when I slip and fall  
You always got my back through the thick of it all

Walkin' these circles got me comin' unglued  
Gave you my heart and then I stole it from you  
My weary head is swimmin' straight for your shore  
I feel a callin' from the one I adore

Ready for home  
So won't you take me there  
Ready for home  
Out of this atmosphere  
I'm runnin' into your arms  
I'm steppin out of the cold  
Ready for home  
I'm ready for home

I remember that very day  
I said I would be different, that I'd always find a way  
To let you know that you'd always be the one  
I kept my eyes on but that's not what I've done  
Cause you know, I try to play my part  
And you know, I always come up short  
I know I should be forever in debt  
But that's somethin' that you said you'd always choose to forget

So if you're leavin' with us sing it out loud  
Livin' it right there ain't no doubt  
If you with us sing it out loud  
We're following the light yeah

## BORN TO LOVE (feat. Britt Nicole)

I can't look around the world no more, I feel a daze  
Oh, my reaction to this world it makes me go insane

You know the sun goes down the days go by  
I won't be livin' for nothin'  
No, I'll be livin' for something  
And If the sun goes down and the days run dry

Will we be dyin' for nothin'  
Or dyin' for somethin'

Everywhere we go  
Cities high and low  
We all need to show  
We got love yeah  
People of all kinds  
Places far and wide  
We all need to know  
We were born to love

You can roam around this crazy world all that you want  
But the chance of finding what you're looking for is slim to none

Yeah we makin' moves  
No time to lose  
Gotta show 'em what we all about

Don't know about you  
But I know about me  
And boy I got no doubt

We can change the world  
With just one word  
I believe it so should you

L to the O-V-E  
Is what we really need  
I can feel it breakin' through

Everywhere we go  
Cities high and low  
We all need to show  
We got love yeah  
People of all kinds  
Places far and wide  
We all need to know  
We were born to love

It can break through all the static there's no doubt about it  
It can open up your eyes and bring you back to life

## BE THERE

On the run  
We're on the run  
On the run  
We hit the brakes but keep movin'  
Left with none  
We're left with none  
Left with none  
Except these scars and these bruises

When everything turns dim  
It's love that finds a way  
It's one last time before  
We fly away

When the lights go down  
I'm gonna be there  
When you're on the run  
I'm gonna be there  
When your hangin' on  
I'm gonna be there  
I'm gonna be there

Just begun  
It's just begun  
Just begun  
There's no stopping we're cruisin'  
All we've done  
All that we've done  
All we've done  
Who do we think we're foolin'?

When everything turns dim  
It's love that finds a way  
It's one last time before  
We fly away

## TELL ME

And it seems the sun won't shine today  
On our broken hearts that can't escape the pain  
Won't you tell me it's not over

Can we work it out  
Can we talk about getting through the hard  
Getting through these trying times  
I need an answer tonight

Tell me everything is alright  
Tell me everything's just fine  
Tell me the words that I need in my life

Tell me everything is alright  
Tell me everything's just fine  
Tell me the words that I need to survive

I believe that we'll see better days  
We can lean on hope even when we lose our way  
Cause I'm sayin' it's not over  
Can we cast aside all our foolish pride  
And get back to livin' for a brand new day  
you know that love is the way

It's not over, love's not colder  
We're gonna get it right, gonna make it right someday  
It's not over, loves not colder  
We're gonna get it right, gonna make it right some way

## PARADIGM (feat. Soul Glow Activatur of Family Force 5)

No we won't turn around and hide anymore  
We steppin' out and that's for sure  
No we won't be another face in the crowd  
Cause right now we're gonna live it loud

We are the generation  
We got a reputation  
It's time to lead the way

We are the motivation  
Just gotta activate it  
There's no time to wait

Can't fight the feelin' inside  
It's time to break out my disguise  
Bein' different is what I realize

It takes to make a change so no we wont stop now

So c'mon get wit it  
No time to waste yeah we on a mission  
Cause the more we pause the more that we wait  
Could be another chance or moment too late

We are the generation  
We've got a reputation  
It's time to lead the way

We are the motivation  
Just gotta activate it  
There is no time to wait
