Though the earth should change  
And the mountains slip away  
You will keep me safe  
Who You are will still remain

You're the place, You're the place that I call home  
You're the fire that I feel inside my bones  
You're the One, You're the One that won't let go

My soul, it sings to You  
Oh God, You are my refuge  
I will cling, I will cling to You  
My shelter through the storm  
My peace when waves of troubles roll  
I will cling, I will cling to You

I could search the stars  
I could swim across the seas  
And never find a love  
That's as strong as Yours for me

You are my refuge

Sometimes I think You're hidden  
Somewhere far somewhere out of site  
Sometimes I think I'm alone here  
In the dark trying to find the light

But when I look back  
I can't forget that  
You've never left me here before  
You're all around me  
In every heartbeat  
Give me eyes that see You more

On the highest of mountains  
In deepest of seas  
In all of creation  
and inside of me  
In joy and in sorrow  
Today and tomorrow  
Wherever I look it's true  
I'll find You

I'm never without reason  
To believe and to lift my praise  
Because if I fall silent  
Even the rocks will shout Your name

On the highest of mountains  
In deepest of seas  
In all of creation  
and inside of me  
In joy and in sorrow  
Today and tomorrow  
Wherever I look it's true  
I'll find You

The veil was torn  
It was torn into  
There's no separating me from You  
Wherever I am  
I know you're there to  
There's no separating me from You

When fear feels bigger than my faith  
And struggles steal my breath away

When my back's pressed up against the wall  
With the weight of my worries stacked up tall  
You're strong enough to hold it all

I will cast my cares on You  
You're the anchor of my hope  
The only one who's in control  
I will cast my cares on You  
I'll trade the troubles of this world  
For Your peace inside my soul

I cast my cares  
I will cast my cares  
I cast my cares on You

This war's not what I would've chosen  
But You see the future no one knows yet

And You're still good when I can't  
See the working of Your hands  
You're holding all

I will cast my cares on You  
You're the anchor of my hope  
The only one who's in control  
I will cast my cares on You  
I'll trade the troubles of this world  
For Your peace inside my soul

Im finding there's freedom  
When I lay it all on Your shoulders

Cast my cares  
I will cast my cares  
I cast my cares on You

I was the home town James Dean  
tailgating at the Dairy Queen  
You walked by and I couldn't speak  
stole my breath like a pretty thief

First kiss, first date  
slow dancing to George Strait  
Couldn't help it, couldn't wait  
Baby, some things never change

You still save me  
drive me crazy  
every day with you

Feels like the first time  
like wind on a wildfire  
Like walking the high wire  
Every move every kiss every smile  
feels like the first time

Looking back on yesterday  
white dress, wedding ring  
You said I do and I can't believe  
you're still my angel still my dream

You still save me  
drive me crazy  
every day with you

Our heart they beat  
So wild and free  
Forever young  
Forever young

Have 9 months really gone this fast?  
Holding my baby girl in my hands  
Ten million thoughts running through my mind  
But one thing's for sure, God, I want to get this right

I want to love her like You love me  
Give her everything I can  
I want to live a life that's holy  
And be a better man  
You could have chosen anybody  
But I'm the one You gave her to  
And she's gonna be like me  
So God, I want to be like You

My boy just turned 5 and he looks like me  
Always playing baseball and climbing up some tree  
God I know he won't always be this young  
Let him grow up proud to be his daddy's son

I want to love him like You love me  
Give him everything I can  
I want to live a life that's holy  
And be a better man  
You could have chosen anybody  
But I'm the one You gave him to  
If he's gonna be like me  
So God, I want to be like You

'Cause their feet are gonna follow  
Where their father leads her to  
So Father won't You lead me straight to You

And when my life is over  
I pray they will look back  
And say they saw a bit of Jesus in their dad

I want to love them like You love me  
Give them everything I can  
I want to live a life that's holy  
And be a better man  
You could have chosen anybody  
But I'm the one You gave them to  
If they're gonna be like me  
They're gonna be like me  
So God, I want to be like You

Alone in the dark for days  
Eyes shut deep in the grave  
They all thought that's where I'd stay

But no death could ever keep  
Your life from reaching me  
When that stone between us rolled away

The moment I heard You call my name  
Everything changed

I'm a waking sunrise  
I am I am  
A new creation inside  
I am I am  
Forever remade  
The old washed away  
Nothing like before  
I'm a child of Your light  
I am I am  
I am Reborn  
I am I am  
I am Reborn  
I am I am

You hit like a blinding light  
Your mercy broke through the sky  
All that I was now redefined

I'll run and I won't look back  
To You with each breath I have  
My hopelessness I leave behind

I'm a waking sunrise  
I am I am  
A new creation inside  
I am I am  
Forever remade  
The old washed away  
Nothing like before

I'm a child of Your light  
I am I am  
I am Reborn  
I am I am  
I am Reborn  
I am I am

I was a dead man walking  
I was a wanderer  
A desperate heart that needed more  
Now I'm washed in living water  
My hope has been restored  
Forever I am Reborn  
Forever I am Reborn

I'm a waking sunrise  
A new creation inside

I am I am  
I'm a waking sunrise  
I am I am  
A new creation inside  
I am I am  
Forever remade  
The old washed away  
Nothing like before  
I'm a child of Your light  
I am I am  
I am Reborn  
I am I am  
I am Reborn  
I am I am  
I am Reborn  
I am I am  
I am Reborn

## TINY TOWN

Those dirt roads are gravel now  
That old storefront is falling down

Same ole population sign  
Still nine hundred thirty nine  
They've come and gone

We'd fry fish out at grandma's house  
Man I sure wish she was with us now  
We learned to live  
We laughed a lot  
Had less time than we had thought  
It's come and gone

Moving forward looking back  
I can't get more than what I had  
All these memories like roots in the ground  
I may be gone but I never left  
Still the kid on that porch step  
Of the only home that I have ever found  
With big dreams, a big mouth  
And a big heart  
For that tiny town

No city lights but we had the stars  
This whole town was my backyard  
Johnny Reb Talkin' tough  
I'd find out where trouble was  
Just because

I'd rope swing in that river bend  
Where I got baptized and born again  
Finding fields  
and slingin' mud  
Crazy kids and summer love  
Where I come from

Moving forward looking back  
I can't get more than what I had  
All these memories like roots in the ground  
I may be gone but I never left  
Still the kid on that porch step  
Of the only home that I have ever found  
With big dreams,a big mouth  
And a big heart  
For that tiny town

I know that you can't see it on a map  
But it's everything that made me who I am

Moving forward looking back  
I can't get more than what I had  
All these memories like roots in the ground  
I may be gone but I never left  
Still the kid on that porch step  
Of the only home that I have ever found  
With big dreams, a big mouth  
And a big heart  
For that tiny town

Step by step  
There isn't fight  
That we cannot face  
That You haven't faced

Breath by breath You brought us to life  
Now we're wide-awake  
And We're unashamed

Until You bring us home

We're gonna walk through fire  
We'll start a new revival  
We'll raise our banner higher  
Show them the power of Your love  
Till Your Kingdom comes

Beat by beat to Your freedom's drum  
We're on the move  
And we're breaking through

Souls redeemed and Your love has won  
So we shout the truth  
Bring the world to You

Till everybody knows

We're gonna walk through fire  
We'll start a new revival  
We'll raise our banner higher  
Show them the power of Your love  
Till Your Kingdom comes

Your will be done  
Your will be done  
Till Your Kingdom comes

Till everybody knows

We're gonna walk through fire  
We'll start a new revival  
We'll raise our banner higher  
Show them the power of Your love  
Till Your Kingdom comes

I've been feeling like I'm going through the motions  
I don't want you to notice

I am longing  
For Your grace to take me under  
and see Your love in color

Now standing on the edge looking out to where you're calling  
Sometimes freedom feels like you're falling

I can't pretend that I'm not scared  
Searching for You, I know You're out there  
My faith is weak, and the storm is getting stronger

So far from land in the dark sea  
Out in the waves is where You meet me  
By Your hand I can stand and I'll go farther  
Out on the water

In this moment  
I can hear You in the chaos

Telling me to step off

It's never easy  
To give away Your safety  
But I know that You'll save me

Now standing on the edge looking out to where you're calling  
Sometimes freedom feels like you're falling

I can't pretend that I'm not scared  
Searching for You, I know You're out there  
My faith is weak, and the storm is getting stronger

So far from land in the dark sea  
Out in the waves is where You meet me  
By Your hand I can stand and I'll go farther  
Out on the water

And I will follow where You lead me  
Even if that's out on the raging sea

I can't pretend that I'm not scared  
Searching for You, I know You're out there

I can't pretend that I'm not scared  
Searching for you, I know You're out there  
My faith is weak, and the storm is getting stronger

So far from land in the dark sea  
Out in the waves is where You meet me  
By Your hand I can stand and I'll go farther  
Out on the water

You can hear it rise from places  
From humble shacks to sacred spaces  
Anywhere the heart's awakened  
From all the saints who've gone before us  
To all who stand here in this moment  
We Join the new and ancient chorus

Hallelujah once again  
To the God who was and is  
And will always be more than worthy  
Hallelujah louder still  
Until the day that when we all kneel  
And together let it rise  
Hallelujah One More Time

When other words grow tired and faded  
This one still inspires the praises  
Even when your whole world's shaking  
Just the whisper of it shatters  
Every fear that holds us captive  
Reminding us what really matters

Hallelujah  
All the saints are singing
