

# HOUSE OF HEROES SUBURBA

*"House of Heroes have always flown under the radar. The group's fourth full-length, Suburba, shows off what the masses have been missing: catchy pop songs with well-written lyrics...one of music's hidden gems."*

**- Alternative Press**

*"A trend we see around the website is when a band breaks up or goes on hiatus and everyone spends the next few years talking about how they wish they were back / still making music ... things like that. Usually these are damn good bands with a fanbase that realizes how good they are after it's too late."*

*Don't let this be House of Heroes.*

*Their new album is now out - buy it - go to shows - support a band that is actually making inspired/creative pop-rock. Don't let this be the next band everyone is complaining broke up when The Maine release their third album."*

**- Jason Tate, CEO/Founder of AbsolutePunk.net**

*"Suburba is arguably the best pop-rock album of the summer."*

**- AbsolutePunk.net**

*"The end result is an impressive disc that seems to beg for its own Broadway musical."*

**-HM Magazine**

*"It's clear that with Suburba, House of Heroes could easily take on arenas and stadiums and have their songs shouted back to them, it's time for us to let go of our little secrets and let them become successful."*

**- Alter The Press**

*"Huge, exhilarating and fanciful, the album is a clear-cut favorite for end of the year lists, a true stud and stalwart; an instant album of the year candidate."*
