Holding Nothing Back ^{ep}

Lead The Way

Every now and then I feel my heart becoming restless, anxiety, trying to get ahold of me
Every now and then I feel the tension taking over, I'm so distracted by everything

But you say, it's gonna be ok, you are with me every step of the way

I don't need to know, where I'm gonna go, just as long as you lead the way
I don't need to see, what's in front of me, just as long as you lead the way

Somedays it takes all of my energy, to keep believing, and hope it's you I'm hearing
Somedays my worries pile up a mile high, mountains of doubt with no way around

Not looking to the left, not looking to right, where you put your feet, that's where I'm putting mine
My eyes are fixed on you, following close behind

Holding Nothing Back

Behind this curtain there is a heart that's hurting.
It's been taking a beating, it's starting to fall apart.

And I feel like such an easy target, dodging bullets I'm exhausted.
How can every moment be this hard?

I'm holding nothing back from you, doesn't really matter what I lose.
I got a heart that's open, I'm broken, and I want you to know.

Jesus, I don't want anything coming in between, you and me.
Jesus, doesn't matter what I have to go through, I'm holding nothing back, nothing back from you.

I've got a list that goes on and on.
It's overflowing with memories of everything that I've been doing wrong. I'll be the first to say, I've
chased after so many foolish things looking for a way to kill the pain.

I'm holding nothing back from you, doesn't really matter what I lose.
I got a heart that's open, I'm broken, and I want you to know.

Jesus, I don't want anything coming in between, you and me.
Jesus, doesn't matter what I have to go

through, I'm holding nothing back, nothing back from you.

I try to do the right things. Why am I struggling day to day, with the same old things?
Whatever's taken your place, I'm getting out of the way, I'm getting out of the way.

Jesus, I don't want anything coming in between.
Jesus, I'll do what I gotta do, I'm hold- ing nothing back, back from you.

Jesus, I don't want anything coming in between, you and me.
Jesus, doesn't matter what I have to go through, I'm holding nothing back, nothing back from you.

The Human Side

I woke up this morning, my stomach is already in knots, the sky is so grey edge of my bed,
strugglin' to gather my thoughts, I don't even wanna be awake I'm feeling like I'm too far gone, the
hope of healing, it's already moved on and now I'm dealing with so many things I never knew,
buried deep inside of me

Oh, I don't have the words to say, Oh, you're the only hope I have to change Oh, your love keeps
showing me, you understand the human side of me, the human side of me

Crazy how long pain and bitterness can linger on, throwing me shade

I'm so thankful I can tell you, how I'm feeling, what I'm going through
I'm so thankful you can handle, all of my chaos, all of my chaos

Oh, I don't have the words to say, Oh, you're the only hope I have today Your, your love keeps
showing me, you understand, you understand

Speak Life (Acoustic)

Some days life feels perfect
Other days, it just ain't workin'
The good, the bad, the right, the wrong And everything in between

It's crazy, amazing
We can turn a heart through the words we say
Mountains crumble with every syllable Hope can live or die

So speak life, speak life
To the deadest darkest night
Speak life, speak life
When the sun won't shine and you don't

know why
Look into the eyes of the brokenhearted Watch them come alive as soon as you speak hope
You speak love, you speak, you speak life

Some days my tongue gets twisted Other days my thoughts just fall apart I do, I don't, I will, I
won't
It's like I'm drowning in the deep

And it's crazy to imagine
Words from our lips as the arms of compassion
Mountains crumble with every syllable Hope can live or die

Lift your head a little higher
Spread the love like fire
Hope will fall like rain
When you speak life with the words you say

Raise your thoughts a little higher Use your words to inspire
Joy will fall like rain when you speak life with the things you say
