Gotee Records Spreads Holiday Cheer with Christmas Compilation, 'Tis the Season to be Gotee Too Available This Week!

Nashville, TN – October 17, 2012 – With the changing leaves of fall quickly passing by, soon it will be time to bring out the winter coats and holiday decorations. And what better way to head into this holiday season than with a cup of hot cocoa and the musical melodies of the talented Gotee Records family on 'Tis the Season to be Gotee Too. The compilation is the label's second annual Christmas album and is available digitally and at Christian retailers this week.

Featured on the album are tracks by the GMA Dove Awards' reigning New Artist of the Year, Jamie Grace, two new recordings of Christmas classics from recent signing of electronic-pop duo, Capital Kings and a new recording from another new Gotee artist, Finding Favour. Other Gotee favorites such as Abandon Kansas (who also contribute a brand new recording), House of Heroes and Stephanie Smith are featured as well. 'Tis the Season to be Gotee Too also debuts the country side project from Jamie Grace and her sister Morgan Nichols, Harper Still, and includes a perfectly suited version of "Baby, It's Cold Outside" from the husband and wife duo and long-time friends of the Gotee family, Johnnyswim.
